Subject: Permit to Commence Small Mining Operations, Gene Henrie dba Quality Crushing,
Maria Mine, S0010074, Beaver County, Utah

Dear Mr. Henrie:

The Division finds your notice of intention (Notice) complete and approves the reclamation surety for the Maria mine. You are now permitted to conduct small mining operations on 2.5 acres as outlined in the Notice.

Please keep in mind the following regulatory requirements.

- The Division must be notified no later than 30 days after beginning mining operations.
- Mining disturbance is only allowed in the area identified in the Notice and Reclamation Contract.
- Stockpiling topsoil material prior to beginning activities will help ensure successful revegetation. Even the first few inches of undeveloped material are worth saving to aid in later revegetation efforts, and future regulatory surety release.
- If you encounter any archaeological or historical items, you are asked to notify this office and State History of your find.
- Permit fees are due July 30.
- Annual reports are due by December 31st.
- The reclamation surety will be reviewed every 3 years.
- The Division requests that the disturbed area boundary (including assess/haul roads) be marked with metal T-posts to identify the area permitted for mining.

The Division's web page at <http://ogm.utah.gov/> under the Mining Program has a link to the rules you are expected to operate under and other information to assist you in complying with program requirements. Thank you for your cooperation. In reply, please refer to file number S0010074. If you have questions or concerns regarding this letter, please contact me at 801-538-5320 or Tom Munson at 801-538-5321. Best wishes with your mining venture.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dana Dean', with a long horizontal flourish extending to the right.

Dana Dean, P.E.
Associate Director of Mining
